Dear colleagues,

The ETUCE expresses its full solidarity with you and your members for today's protest action. ETUCE welcomes that you kick off a strong signal against the current education policy of the government and wishes you great success and a good response.

ETUCE stands unreservedly with the demonstrating people and supports their fair demands. Your continuous efforts in reminding the government of its responsibility towards the citizens in this respect will finally lead to success. ETUCE thanks all the demonstrators engaged in the action for their important contribution which they make to build a better future through their active defense of quality education. ETUCE encourages them strongly to keep their unbroken trust in the accuracy and validity of their values.

ETUCE hopes for an immediate start of an open and constructive dialogue involving the social partners in the Slovak Republic on issues of joint concern aiming to protect quality education. We do sincerely hope that with your action you will achieve a constructive and sustainable situation in the long term and we will keep supporting you and your members.

In solidarity,
